

# Using Our Software For Parents

*Be Your Best*

Consent2Go is a program used for data collection and permissions.

Consent2Go is used for collecting

- Your contact details
- Emergency contacts (other than parents)
- Permission for your child to have photos and paracetamol
- Details of asthma, diabetes and anaphylaxis that your child may have
- And other medical/health information about your child, including medications they may be taking that the School should be aware of
- Any allergies and food intolerances your child may have

The software also allows you to provide consent for your child to take part in off-site school activities.

**You need to update this program whenever any details change as this is critical for our care of your child. You will also be prompted to update details each time you give permission for an excursion.**

Guidelines outlining how to use this program can be found at

[consent2go.freshdesk.com/support/solutions/articles/61000303499-parent-s-guide-to-profile-updates](https://consent2go.freshdesk.com/support/solutions/articles/61000303499-parent-s-guide-to-profile-updates)

**Please remember, if consent is not received for an excursion, your child may not attend the activity.**

You can update Consent2Go and your or your child's details on the Calvin Website by going to the Parents page. Go to the Information and Medical section, then select Update Parent/Carer details.

If you require any further assistance please contact us.

The SEQTA Engage is a learning management system is used for accessing your child's

- Course outlines
- Class content
- Assessment pieces and feedback on assignments
- Timetables and
- Student reports

**Please do not use this for emailing teachers. Use their school email address.**

## Gaining access to SEQTA Engage:

You will receive a welcome email from the school. It will be active for one week. Follow the steps on your welcome email, click setup your account now to create a password.

Visit [engage.cst.tas.edu.au](https://engage.cst.tas.edu.au) or download the SEQTA Engage App from either the Apple store (for iPhone) or the Google Playstore (for Android).

If you need a new welcome email or any assistance, please contact us.

Qkr! (pronounced 'quicker') is a mobile payments platform that enables parents and carers to order and pay for goods and services directly from their smart device. Qkr accepts all major credit and debit cards and consumers can register more than one card.

Qkr! enables parents to order and pay for school items (lunches, trips, pictures, uniforms, extra-curricular activities, etc.) for their children directly from their phone or computer.
