Final Comment

All parents agree and adhere with the terms outlined in the School Uniform Policy at acceptance of the enrolment of their child into the School. Both school and home are expected to work together to ensure high standards are maintained. Parents must not only read these uniform expectations but also discuss them with their children. If there are any questions about what is considered suitable please talk to school staff for guidance.

If a child is unable to comply with this policy, a parental note must be provided to the classroom teacher immediately with a clear timeframe, agreed upon by both parent and school, of when the child is able to comply with the Uniform Policy.

The school will make adjustments on an individual basis for students who have medical or health reasons that prevent them from complying with the above expectations. In some cases a medical certificate will be required to be supplied to the Deputy Principal or Head of Students to support any unjustifiable explanations.
