FROM THE PRIMARY SCHOOL

Dear Parents,

Congratulations to all our students who competed in their school Athletics Day on Thursday. The weather played its part after a cool start. While watching, I was impressed by the way that the children encouraged each other to take part. Congratulations to those who have qualified for the Huon & Channel Athletics event on Wednesday 9th November. Thank you to Rebecca Aitchison-Gill, Jono Quinn, Karen Hurd and all our wonderful teachers and fantastic volunteers who helped the day be a success.

The process for confirming staffing for next year is well under way. We will maintain single stream from Kinder through to Year 5 and we will have two Year 6 classes as originally planned. Later this term, we will confirm who is teaching where. This will be followed by an Orientation Morning where all existing and new students will spend time with their new teacher as we look to support children in their transition between Grade levels. Further information will be released about this closer to the time.

We have a number of items in our lost property. Next Monday and Tuesday morning, we will have a table in the admin area displaying these items for parents and students to collect what belongs to them.

Finally, thank you to School Council and all the parents who helped tidy up areas of the garden around the school last Saturday. Such efforts like this all contribute to improving our grounds and facilities which we all benefit from.

Warmest regards, Caleb Cooper, Deputy Principal
